Zakariae El-abbadi

has successfully completed the online Professional Certificate

Tableau Business Intelligence Analyst

By completing the Tableau Business Intelligence Analyst Professional Certificate you have received an immersive, project-based learning experience that emphasizes real-world applications in business and data analytics. The Certificate has given you hands-on experience in creating sophisticated interactive data visualizations, dashboards, and stories using Tableau. By integrating visual design and storytelling best practices and advanced visualization topics, the program has not only equipped you with the skills to analyze complex data efficiently but also has empowered you to effectively communicate actionable insights to business stakeholders.
